5.6.1: Before adding a survey to a Learning Module, go to Publisher/Tools/Survey/Survey Tool and create a survey. The tutorial, 5.5.5: Designing a Survey will guide you. Alternatively, you can use an existing Scholar survey or one that has been shared with you.

5.6.2: To add a survey, go to Creator/Works, and open the relevant Learning Module. Go to “About this Work” and open the “Structure” tool. Select the Update in which you would like to add a survey. Then select the edit pencil on the “For the Teacher” or “Right (Admin) Side of a Two-Sided Section”.

5.6.3: Select “Attach a Survey”. Then select a survey. All of the surveys you have created or that have been shared with you will be visible in the pull down menu. Select the appropriate survey. Then “Save”. Your survey is now attached. If you make changes to the survey, it will automatically be saved in the Learning Module.
